

To be Vincentian is to:

1. Display the virtues of simplicity, humility, and charity
2. See the Face of Christ in all people, especially those who live in poverty
3. Be a bridge between the haves and have-nots through listening and collaboration
4. Be part of a larger community united in caring for creation and serving those who live in poverty
5. Be apostolic women of prayer, taking a contemplative stance in order to discern the needs of the times
